## REINVENTING THE SACRED: Science and Spirituality in our Time

---

**Dr. Rupert Sheldrake and  
Brother David Steindl-Rast  
David Lorimer in the Chair**

---

**Maria Assumpta Centre, Kensington Square,  
London W8  
Monday, 19th April, 2010, 7-9 pm**

Reinventing the Sacred has been a central concern of both science and contemplative enquiry over the past generation. Both our speakers this evening, as well as our chair, Rupert Sheldrake, have given this question considerable thought. This participatory evening will provide a stimulating opportunity for an exchange and exploration of views as we seek to redefine our understanding of the Sacred in relation to Nature and the spiritual quest.

**Rupert Sheldrake, PhD** is a biologist and author of more than 80 scientific papers and ten books, including *The Rebirth of Nature*. His website is [www.sheldrake.org](http://www.sheldrake.org)

**David Steindl-Rast, PhD, OSB** is a senior member of Mount Saviour Benedictine monastery in New York, and a pioneer of Buddhist-Christian Dialogue. His books include *Gratefulness, the Heart of Prayer; A Listening Heart; and Belonging to the Universe* (with Fritjof Capra). Currently, Brother David serves as founding advisor of [www.gratefulness.org](http://www.gratefulness.org).

**David Lorimer** is Programme Director of the SMN and Editor of *Network Review*.
