

The Scientific and Medical Network & The Society for Psychical Research

NOETIC SCIENCES:

Exploring the Frontiers of Consciousness

Dr. Marilyn Schlitz

**Kensington Library, Campden Hill Road,
London W8
Monday, 6th April, 2010, 7-9 pm**

Marilyn Mandala Schlitz, Ph.D. is a clinical research scientist, medical anthropologist, writer, and thought leader. Her work over the past three decades explores the interface of consciousness, science, and healing. She received her Ph.D. in anthropology from the University of Texas, Austin. She is the President and CEO for the Institute of Noetic Sciences and Senior Scientist at the Research Institute, California Pacific Medical Center. She has published numerous articles on consciousness studies in scholarly and popular journals and has given talks at the United Nations, the Smithsonian Institution, and the Explorers Club. She has taught at Trinity University, Stanford University, and Harvard Medical Center. Marilyn possesses a rare ability to translate complex ideas into a common sense language that excites the imaginations of audiences worldwide. Her books include: *Consciousness and Healing: Integral Approaches to Mind Body Medicine* (2005) and *Living Deeply: The Art and Science of Transformation in Everyday Life* (2008).

The Scientific and Medical Network is an interdisciplinary forum for exploring the frontiers of science, medicine, spirituality and human experience. See www.scimednet.org

The Society for Psychical Research was the first organisation established to examine allegedly paranormal phenomena using scientific principles. Our aim is to learn more about events and abilities commonly described as “psychic” or “paranormal” by supporting research, sharing information and encouraging debate. See www.spr.ac.uk
